Reference: Disposal of Special Waste
Disposal Approval Transfer from Middle Point Landfill (SNL-75-102-0219) to Cedar Ridge Landfill (SNL-75-102-0219)

Dear Mr. Padovich:

On behalf of the Saad Site Steering Committee, this is to request a transfer of the existing Special Waste Disposal Approval from the Middle Point Landfill in Murfreesboro, Tennessee (Registration No.: SNL-75-102-0219) to Sanifill's Cedar Ridge Landfill (Registration No.: SNL-59-102-0238) for oil-contaminated soil and construction debris which is being excavated at the Saad Site, 3655 Trousdale Drive, Nashville, TN. Pending complete characterization, this newly-excavated material would fall under the profile for disposal as Special Waste at Cedar Ridge Landfill for similar materials approved by your office for disposal at the Middle Point Landfill. The estimated volume for disposal is expected to be 1,200 cubic yards. Enclosed for information is a marked-up copy of the original letter of approval dated September 24, 1991 from your office to Mr. James Herring of Middle Point Landfill.

If you should have any questions regarding this request for transfer of disposal approval from Middle Point Landfill to Cedar Ridge Landfill, please contact me at (615) 691-5052.

Sincerely,
